

Winter Holidays Home Work (Session 2019-20)
Class - II

Winter is no reason to stay inside all day. Just because the sun is hiding doesn't mean it's time to hunker down and hibernate. During colder months, it is important to get the family outside and maintain activity even though there may be some frost on the ground. Besides, winter months bring on a whole new set of fun activities to explore. Go out with your family in a park and enjoy playing under the sun.

Things to remember:

1. Wake up on time and go to a nearby park. Play and observe the beauty of the nature.
2. Respect and listen to your parents and elders.
3. Revise all the work that has been done in class.
4. Read story books and children's magazines.
5. The most important of all - Speak in English with your Parents and with your brothers & sisters. Try to converse in English as much as you can because the best way to learn a language is to use it.
6. Sit under the Sun and enjoy the winter season.

Learning by doing

- i) Practice packing of your school bag according to the time table.
- ii) Keep your clean and well organized.
- iii) Help your parents daily chores.
